PART I

Forward Looking Statements.

This annual report contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These statements relate to future events or our future financial performance. In some cases, you can identify forward-looking statements by terminology such as “may”, “should”, “expects”, “plans”, “anticipates”, “believes”, “estimates”, “predicts”, “potential” or “continue” or the negative of these terms or other comparable terminology. These statements are only predictions and involve known and unknown risks, uncertainties and other factors, including the risks in the section entitled “Risk Factors” and the risks set out below, any of which may cause our or our industry’s actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements. These risks include, by way of example and not in limitation:

- the uncertainty that we will not be able to generate revenues from our website;
- risks related to the large number of established and well-financed entities that we are competing with;
- risks related to the failure to successfully manage or achieve growth of our business; and
- other risks and uncertainties related to our business strategy.

This list is not an exhaustive list of the factors that may affect any of our forward-looking statements. These and other factors should be considered carefully and readers should not place undue reliance on our forward-looking statements.

Forward looking statements are made based on management’s beliefs, estimates and opinions on the date the statements are made and we undertake no obligation to update forward-looking statements if these beliefs, estimates and opinions or other circumstances should change. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Except as required by applicable law, including the securities laws of the United States, we do not intend to update any of the forward-looking statements to conform these statements to actual results.

Our financial statements are stated in United States dollars (US\$) and are prepared in accordance with United States Generally Accepted Accounting Principles.

In this annual report, unless otherwise specified, all dollar amounts are expressed in United States dollars and all references to "common stock" refer to the common shares in our capital stock.

As used in this annual report, the terms "we", "us", "our", "Kids Only Market" and "Kids Only" mean Kids Only Market Inc., unless the context clearly requires otherwise.

ITEM 1. BUSINESS

General

Kids Only Market was incorporated in the state of Nevada as a development stage company to create a web-based service, kidsonlymarket.com. The service is for buyers and sellers of hand me down items. These items include essentially anything that children have grown out of and have value. These items a wide variety of baby-related items such as

- boys’ clothing
- girls’ clothing
- maternity clothing,
- toys,
- furniture including cribs, rocking chairs, etc., and
- other items which includes:

- strollers
- carriages
- bikes,
- safety products,
- books, and
- movies, etc.).

KidsOnlyMarket.com will function much like a bulletin board system. The seller of an item will create an account on the website and their member information will be verified. Contact will be through email and new members will be emailed a temporary password, which must be used to initially sign in to the account and change their password. Temporary passwords will be valid for 24 hours at which time they will expire. The seller can then create a listing on the website. The listing will be available on our site from anywhere from 3 to 6 months depending on the type of listing chosen. Anytime during the display period an interested party may contact the seller through the website. The seller's email address will not be posted online and the potential buyer must contact the seller through use of an online tool that will be used to go through KidsOnlyMarket.com, which will use its email database to send the message to the seller. If the seller then wishes to get in contact with the buyer, they can, at which time the buyer and seller will deal directly with each other (i.e. price, shipping arrangements, etc.). They may exchange telephone numbers if they wish. The site will have suggestions as to how both sellers and buyers can become acquainted with the issues and risks involved with online purchases before completing the transaction through a webpage with content and a full array of links regarding the issue.

Since inception we have worked toward the introduction and development of our website that we will use to generate revenues.

We have no revenues, have achieved losses since inception, have been issued a going concern opinion by our auditors and rely upon the sale of our securities to fund operations. Accordingly, we will be dependent on future additional financing in order to maintain our operations.

Competiton

Traditional Channels. There are several well-established non-Internet related mechanisms for recycling / re-using hand-me-downs.

- Directly giving to family and friends.
- Local sales efforts such as garage sales, swap meets, clothes drives, and other.
- Classified advertising – in local media to advertise more valuable items.
- Giving to thrift shops. In the United States, major national thrift shop operators include Goodwill Industries, Salvation Army, St. Vincent de Paul, and ReStore, see Habitat for Humanity International. Examples of regional operators include Deseret Industries and those run by the Bethesda Lutheran Home in the Upper Midwest. Many local charitable organizations, both religious and secular, operate thrift shops. Common among these are missions, children's homes and homeless shelters, and animal shelters. In addition, some charity shops are operated by churches, and are fundraising venues that support activities including in some cases, missionary activities in other countries.

New Internet Offerings. There is beginning to emerge a variety of web-based organizations that are involved in collecting and re-distributing used goods / hand-me-downs online, including:

- Online classified advertising sites, such as eBay and Yahoo classifieds.
- “Free” sites, such as Craigslist, Kijji, and Oodle.
- New community-based (online) groups such as baby2baby.org, freecycle.org, and freesharing.org.
- A number of product oriented sites, such as shopzilla.com, amazon.com, shopperschoice.com, pronto.com, and babiesrus.ca.

- Online extensions of local charities (information-based, site locations, etc.).
- New sites dedicated to aggregating and selling used baby items, including handmedowns.com, and babyloot.com.

There are also a number of significant, baby-oriented websites, including:

- There are a large number of new (branded) product manufacturing companies that have a very active web presence. Many are beginning to aggressively advertise their brands throughout the entire sector as well. There are any number of these (i.e. Fisher Price, Gymboree, Janie and Jack, Hanna Andersson, The Children's Place Etsy, Kohls, Lands End just to name a few).
- New online baby product portals (baby-place.com, allmodernbaby.com). Only new items are offered on these websites.
- Content-oriented / information-based baby websites that distribute a range of information to parents and actively offering advertising opportunities. These include sites such as myparentingsource.com, babiesonline.com, parentingforums.org, and others. No sites were found that offer used baby items.

Compliance with Government Regulation

In general, all existing laws that apply to traditional commerce apply equally in an electronic environment. For example, laws related to business incorporation, business name registration, taxation, consumer protection, deceptive advertising, importing/exporting, product safety, product standards, criminal code, inter-provincial trade treaties, intellectual property and liability, all apply.

Companies must comply with the law of any jurisdiction where it is considered to be carrying on business.

Some electronic commerce activities are regulated by the Federal Trade Commission. These activities include the use of commercial e-mails, online advertising and consumer privacy. The Federal Trade Commission regulates all forms of advertising, including online advertising, and states that advertising must be truthful and non-deceptive. Safeguards will be put in place to protect consumers' rights and privacy on our website.

Employees

Currently our only employee is our sole director and officer. We do not expect any material changes in the number of employees over the next 12 month period. We anticipate that we will be conducting most of our business through agreements with consultants and third parties. Our sole officer does not have an employment agreement with us.

Subsidiaries

We do not have any subsidiaries.

We do not own, either legally or beneficially, any patent or trademark.

There are no restrictions in our articles of incorporation or bylaws that prevent us from declaring dividends. The Nevada Revised Statutes, however, do prohibit us from declaring dividends where, after giving effect to the distribution of the dividend:

1. We would not be able to pay our debts as they become due in the usual course of business; or
2. Our total assets would be less than the sum of our total liabilities plus the amount that would be needed to satisfy the rights of shareholders who have preferential rights superior to those receiving the distribution.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATION

The following discussion should be read in conjunction with our audited financial statements and the related notes that appear elsewhere in this annual report. The following discussion contains forward-looking statements that reflect our plans, estimates and beliefs. Our actual results could differ materially from those discussed in the forward looking statements. Factors that could cause or contribute to such differences include those discussed below and elsewhere in this annual report.

Our audited consolidated financial statements are stated in United States dollars and are prepared in accordance with United States generally accepted accounting principles.

Plan of Operation

Phase I – Initial Launch

- Design and construct the initial website.
- Develop lists of all potential websites to partner with as well as all potential advertisers.
- Complete development of detailed marketing strategies.
- Develop sophisticated, detailed online search strategies.
- Establish an ecommerce ability along with merchant relationships with Paypal and / or credit card companies.

The initial budget for phase one is estimated at \$20,000.

The beta site for kidsonlymarket.com has been launched and the fully-functioning website is expected to be completed in the next month or two.

Phase II – Marketing

The second phase of the operating plan is expected to be devoted to instituting an aggressive marketing effort, to develop the needed strategic partnerships and gain initial listings of baby / juvenile products. Mr. Pearlman, the registrant's president will spearhead this effort. Due to the nature of the costs involved and the fact that Mr. Pearlman will not be receiving a salary at this time, expenses related to phase two are expected to be less than \$10,000. These efforts are expected to begin as soon as the website is fully functioning and expected to last over the course of three to four months.

An important part of phase II will be to monitor the effectiveness of all marketing activities and identify all roadblocks in order to refine the business strategy and direct funding for its most productive activities, as well to lay the basis for a future strategy in additional market areas.

Phase III – Establish Presence in Additional Market Areas

If the registrant is successful in Phase I and II and sales are realized, management may institute phase three of the business plan, which may involve hiring one or more staff to handle increased demands such as site monitoring, data entry, and customer support. The management team may be broadened and marketing personnel may be hired to access additional sales and distribution channels. There may be additional demands placed on the company for website development.

Our company will require additional financing. There can be no assurance, however, that we will be able to acquire the financing necessary to enable us to pursue our plan of operation. If our company requires additional financing and we are unable to acquire such funds, our business may fail. As a development stage company, we are not able to fund our cash requirements through our current operations. Historically, we have been able to raise a limited amount of capital through private placements of our equity stock, but we are uncertain about our continued ability to raise funds privately. If we are unable to secure adequate capital to continue our operations, our shareholders may lose some or all of their investment and our business may fail.

Anticipated Cash Requirements

We anticipate that we will incur the following expenses over the next twelve months:

1. \$20,000 in connection with our development of our website and marketing efforts;
2. \$10,000 for operating expenses, including professional legal and accounting expenses associated with our company being a reporting issuer under the Securities Exchange Act of 1934; and

We require a minimum of approximately \$30,000 to proceed with our plan of operation over the next twelve months. As we had cash in the amount of \$20,683 and a working capital in the amount of \$20,683 as of September 30, 2011, we do not have sufficient working capital to enable us to carry out our stated plan of operation for the next twelve months. We plan to complete private placement sales of our common stock in order to raise the funds necessary to pursue our plan of operation and to fund our working capital deficit in order to enable us to pay our accounts payable and accrued liabilities. We currently do not have any arrangements in place for the completion of any private placement financings and there is no assurance that we will be successful in completing any private placement financings.

Our legal expenses represent amounts paid to legal counsel in connection with our corporate organization.

Other Selling General & Administrative

The increase in our Selling General & Administrative Expenses between September 30, 2010 and September 30, 2011 is associated with the development of the Kids Only website and becoming a reporting issuer.

We anticipate that we will incur approximately \$30,000 for operating expenses, including professional, legal and accounting expenses associated with our reporting requirements under the Exchange Act during the next twelve months. Accordingly, we will need to obtain additional financing in order to complete our business plan.

Cash Used In Operating Activities

We used cash in operating activities in the amount of \$27,208 during the year ended September 30, 2011 and \$4,609 during the period ended September 30, 2010. Cash used in operating activities was funded by cash from financing activities.

Cash From Investing Activities

No cash was used or provided in investing activities during the year ended September 30, 2011 and the period ended September 30, 2010.

Cash from Financing Activities

We generated no cash from financing activities during the year ended September 30, 2011 compared to \$52,500 generated from financing activities during the period ended September 30, 2010.

Going Concern

The financial statements accompanying this report have been prepared on a going concern basis, which implies that our company will continue to realize its assets and discharge its liabilities and commitments in the normal course of business. Our company has not generated revenues since inception and has never paid any dividends and is unlikely to pay dividends or generate earnings in the immediate or foreseeable future. The continuation of our company as a going concern is dependent upon the continued financial support from our shareholders, the ability of our company to obtain necessary equity financing to achieve our operating objectives, and the attainment of profitable operations. As at September 30, 2011, our company has accumulated losses of \$31,817 since inception. We do not have sufficient working capital to enable us to carry out our stated plan of operation for the next twelve months. These financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should our company be unable to continue as a going concern.

Due to the uncertainty of our ability to meet our current operating expenses and the capital expenses noted above in their report on the financial statements for the year ended September 30, 2011, our independent auditors included an explanatory paragraph regarding concerns about our ability to continue as a going concern. Our financial statements contain additional note disclosures describing the circumstances that lead to this disclosure by our independent auditors.

The continuation of our business is dependent upon us raising additional financial support. The issuance of additional equity securities by us could result in a significant dilution in the equity interests of our current stockholders. Obtaining commercial loans, assuming those loans would be available, will increase our liabilities and future cash commitments.

Future Financings

We anticipate continuing to rely on equity sales of our common shares in order to continue to fund our business operations. Issuances of additional shares will result in dilution to our existing stockholders. There is no assurance that we will achieve any additional sales of our equity securities or arrange for debt or other financing to fund our planned activities. Paul Pearlman has agreed to provide loans to a minimal amount to carry on our legal, accounting and reporting needs.

Off-Balance Sheet Arrangements

We have no significant off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to stockholders.

Application of Critical Accounting Estimates

The financial statements of our company have been prepared in accordance with generally accepted accounting principles in the United States. Because a precise determination of many assets and liabilities is dependent upon future events, the preparation of financial statements for a period necessarily involves the use of estimates which have been made using careful judgment.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To: The Board of Directors and Stockholders
Kids Only Market Inc.
Calgary, Alberta, Canada

I have audited the accompanying balance sheet of Kids Only Market Inc. as of September 30, 2011 and 2010 and the related statements of operations, shareholders' deficit and cash flows for the year and period then ended, and for the period since inception, April 9, 2010, to September 30, 2011. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion the financial statements referred to above present fairly, in all material respects, the financial position of Kids Only Market Inc. as of September 30, 2011 and 2010 and the results of its operations and its cash flows for the year and period then ended, and the period from inception, April 9, 2010 to September 30, 2011 in conformity with United States generally accepted accounting principles.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. As discussed in Note 2 to the financial statements, the Company has no revenue and incurred a loss in its initial year. This raises substantive doubt about the Company's ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 2. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

The Company has determined that it is not required to have, nor was I engaged to perform, an audit of the effectiveness of its documented internal controls over financial reporting.

KIDS ONLY MARKET, INC.

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended September 30, 2011

NOTE 1 – BUSINESS AND CONTINUED OPERATIONS

Kids Only Market Inc. was organized under the laws of the State of Nevada on April 9, 2010. The Company was formed for the purpose of engaging in all lawful businesses. The Company's authorized capital consisted of 10,000,000 shares of \$0.001 par value preferred stock and 65,000,000 shares of \$0.001 par value common voting stock

Current Business of the Company

The Company had no material business operations from inception April 9, 2010 to September 30, 2011. The company formed plans to offer an on-line resource for buyers and sellers of children's "hand me down" items.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

These financial statements have been prepared using the basis of accounting generally accepted in the United States of America. Under this basis of accounting, revenues are recorded as earned and expenses are recorded at the time liabilities are incurred. The Company has adopted September 30 as the fiscal year-end.

Cash and equivalents

Cash and equivalents include investments with initial maturities of three months or less.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

The Financial Accounting Standards Board issued ASC (Accounting Standards Codification) 820-10 (SFAS No. 157), "Fair Value Measurements and Disclosures" for financial assets and liabilities. ASC 820-10 provides a framework for measuring fair value and requires expanded disclosures regarding fair value measurements. FASB ASC 820-10 defines fair value as the price that would be received for an asset or the exit price that would be paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants on the measurement date. FASB ASC 820-10 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs, where available. The following summarizes the three levels of inputs required by the standard that the Company uses to measure fair value:

- Level 1: Quoted prices in active markets for identical assets or liabilities.
- Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the related assets or liabilities.

- Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The carrying amounts of the Company's financial instruments as of September 30, 2011, reflect:

- Cash: Level One measurement based on bank reporting.

Income Taxes

The Company utilizes FASB ACS 740, "Income Taxes," which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred tax assets and liabilities are determined based on the difference between the tax basis of assets and liabilities and their financial reporting amounts based on enacted tax laws and statutory tax rates applicable to the periods in which the differences are expected to affect taxable income. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment. The Company generated a deferred tax credit through net operating loss carry forwards. As of September 30, 2011 the Company had a federal operating loss carryforward of approximately \$21,000 (\$5,000 in 2010) that can be used to offset future taxable income. The carryforwards will begin to expire in 2014 unless utilized in earlier years.

Interest and penalties on tax deficiencies recognized in accordance with ACS accounting standards are classified as income taxes in accordance with ASC Topic 740-10-50-19.

The income tax effect of temporary differences between financial and tax reporting gives rise to the deferred tax asset at September 30, 2011 and 2010 as follows:

	September 30, 2011	September 30 2010
Deferred tax asset, beginning	\$ 1,800	\$ 0
Provision of current year's operating loss	5,800	1,800
Deferred tax asset, ending	<u>\$ 7,600</u>	<u>\$ 1,800</u>
Valuation allowance, beginning	\$ (1,800)	\$ (0)
Current year's loss provision	(5,800)	(1,800)
Deferred tax asset, net	<u>\$ 0</u>	<u>\$ 0</u>
	<u>\$ -</u>	<u>\$ -</u>
Tax at statutory rate - Federal	34%	34%
Changes in valuation allowance	<u>34%</u>	<u>34%</u>
Tax expense	<u>\$ -</u>	<u>\$ -</u>

Going Concern

The Company's financial statements are prepared using accounting principles generally accepted in the United States of America applicable to a going concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company had an accumulated operating loss since inception of \$31,817. The Company had a positive cash flow of \$47,891, from the sale of stock. The Company has not yet established an ongoing source of revenues sufficient to cover its operating costs and to allow it to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company obtaining adequate capital to fund operating losses until it becomes profitable. If the Company is unable to obtain adequate capital, it could be forced to cease development of operations.

In order to continue as a going concern, develop a reliable source of revenues, and achieve a profitable level of operations the Company will need, among other things, additional capital resources. Management's plans to continue as a going concern include raising additional capital through sales of common stock. However, management cannot provide any assurances that the Company will be successful in accomplishing any of its plans.

The ability of the Company to continue as a going concern is dependent upon its ability to successfully accomplish the plans described in the preceding paragraph and eventually secure other sources of financing and attain profitable operations. The accompanying financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

Development-Stage Company

The Company is considered a development-stage company, with limited operating revenues during the periods presented, as defined by FASB Accounting Standards Codification ASC 915. ASC 915 requires companies to report their operations, shareholders' deficit and cash flows since inception through the date that revenues are generated from management's intended operations, among other things. Management has defined inception as April 9, 2010. Since inception, the Company has incurred an operating loss of \$31,817. The Company's working capital has been generated from the sale of stock. Management has provided financial data since April 9, 2010 in the financial statements, as a means to provide readers of the Company's financial information to make informed investment decisions.

NOTE 3 – RECENT ACCOUNTING PRONOUNCEMENTS

In January 2010, the FASB issued ASU No. 2010-01, amending SFAS No. 168, "The FASB Accounting Standards Codification™ and the Hierarchy of Generally Accepted Accounting Principles." This Standard codified in ASC 105 is being modified to include the authoritative and non-authoritative levels of GAAP. This amendment is effective for financial statements issued for interim and annual periods ending after September 15, 2009. ASU No. 2010-01 has no effect on the Company's financial position, statements of operations, or cash flows at this time.

In January 2010, the FASB issued ASU No. 2010-08, "Technical Corrections to various Topics." This Standard is being updated to eliminate outdated or inconsistent GAAP standards and to clarify the Board's original intent mainly with regards to derivatives and hedging. This is effective for the first reporting period (including interim periods) beginning after issuance. ASU No. 2010-08 has no effect on the Company's financial position, statements of operations, or cash flows at this time.

In January 2010, the FASB issued ASU No. 2010-06, "Improving Disclosures about Fair Value Measurements" related to ASC Topic 820-10. This update requires new disclosures to; transfers in or out of Levels 1 and 2, activity in Level 3 fair value measurements, Level of disaggregation, and disclosures about inputs and valuation techniques. This amendment will be effective for fiscal years beginning after December 15, 2010, and for interim periods within those fiscal years. ASU No. 2010-06 has no impact on the Company's results of operations, financial condition or cash flows.

In January, 2010, the FASB issued ASU 2010-06, Improving Disclosures about Fair Value Measurements. The standard amends ASC Topic 820, Fair Value Measurements and Disclosures to require additional disclosures related to transfers between levels in the hierarchy of fair value measurement. The standard does not change how fair values are measured. The standard is effective for interim and annual reporting periods beginning after December 15, 2009. As a result, it is effective for the Company in the first quarter of fiscal year 2010. The Company does not believe that the adoption of ASU 2010-06 will have a material impact on its financial statements.

In February 2010, the FASB issued ASU No. 2010-09, "Subsequent Events (ASC Topic 855), Amendments to Certain Recognition and Disclosure Requirements." This Standard update requires a SEC Filer to (1) evaluate subsequent events through the date that the financial statements are issued or available to be issued, (2) defines "SEC Filer" as an entity that is required to file or furnish its financial statements with either the SEC or, with respect to an entity subject to Section 12(i) of the Securities Exchange Act of 1934, as amended, the appropriate agency under that Section, (3) not be bound to disclosing the date through which subsequent events have been evaluated, (4) note the definition of *public entity* is not longer defined nor necessary for Topic 855, (5) note the scope of the reissuance disclosure requirements is refined to include revised financial statements only. These Updates are effective for interim or annual periods ending after June 15, 2010. ASU No. 2010-09 has no effect on the Company's financial position, statement of operations, or cash flows at this time.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE.

None.

ITEM 9A. CONTROLS AND PROCEDURES.

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow for timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Our disclosure controls and procedures were designed to provide reasonable assurance that the controls and procedures would meet their objectives. As required by SEC Rule 13a-15(b), our management carried out an evaluation, with the participation of our Chief Executive and Chief Financial Officers, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report. Based on the foregoing, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective at the reasonable assurance level.

Management's Annual Report on Internal Control over Financial Reporting

Management is responsible for establishing and maintaining adequate internal control over our financial reporting. In order to evaluate the effectiveness of internal control over financial reporting, as required by Section 404 of the Sarbanes-Oxley Act, management has conducted an assessment, including testing, using the criteria in Internal Control — Integrated Framework, issued by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO"). Our system of internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Management has used the framework set forth in the report entitled Internal Control-Integrated Framework published by the Committee of Sponsoring Organizations of the Treadway Commission, known as COSO, to evaluate the effectiveness of our internal control over financial reporting. Based on this assessment, management has concluded that our internal control over financial reporting was effective as of September 30, 2011. This Annual Report does not include an attestation report of our independent registered public accounting firm regarding internal control over financial reporting. Our internal control over financial reporting was not subject to attestation by our independent registered public accounting firm pursuant to temporary rules of the SEC that permit us to provide only management's report in this Annual Report.

There has been no change in our internal controls over financial reporting during our most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal controls over financial reporting.

ITEM 9B. OTHER INFORMATION.

None.

PART III

Name	Position Held with the Company	Age	Date First Elected or Appointed
Paul Pearlman	President, Chief Executive Officer, Chief Financial Officer, and Director	62	April 9, 2010

Business Experience

The following is a brief account of the education and business experience of each director and executive officer during at least the past five years, indicating each person's principal occupation during the period, and the name and principal business of the organization by which he was employed.

Paul Pearlman is our President, CEO, CFO, Secretary and sole director. Mr. Pearlman completed the Business Management Program at the Southern Alberta Institute of Technology, Calgary, Alberta in 1971. Mr. Pearlman has been self-employed in the retail business for over 30 years. Since 1980 Mr. Pearlman has owned and operated Paulo Investments, Ltd., operating as PACEY'S ... real life clothes. Pacey's is an independent casual clothing retailer with one store in Calgary, Alberta. Many of the lines carried by Pacey's are exclusive to them. From 1981 to 1989 Mr. Pearlman was Manager and Co-owner of KRP Investments Ltd. which owned the first Polo Ralph Lauren store in Western Canada. In 1986 the store was expanded to include Ladieswear, and in 1989 the store was sold to Comark Inc.

Term of Office

Our directors are appointed for a one-year term to hold office until the next annual general meeting of our shareholders or until removed from office in accordance with our bylaws. Our officers are appointed by our board of directors and hold office until removed by the board.

Significant Employees

We have no significant employees other than the director and officer described above.

There are no family relationships among our directors or officers.

2. any conviction in a criminal proceeding or being subject to a pending criminal proceeding (excluding traffic violations and other minor offenses);

Audit Committee

The Company's audit committee is composed of its sole director and officer, Paul Pearlman.

Audit Committee Financial Expert

Our board of directors has determined that it does not have an audit committee member that qualifies as an "audit committee financial expert" as defined in Item 407(d)(5)(ii) of Regulation S-K. We believe that the audit committee members are collectively capable of analyzing and evaluating our financial statements and understanding internal controls and procedures for financial reporting. In addition, we believe that retaining an independent director who would qualify as an "audit committee financial expert" would be overly costly and burdensome and is not warranted in our circumstances given the early stages of our development and the fact that we have not generated revenues to date.

ITEM 11. EXECUTIVE COMPENSATION.

The particulars of compensation paid to the following persons:

- our principal executive officer;
- our most highly compensated executive officers who were serving as executive officers at the end of the year ended September 30, 2011; and

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS.

As of December 27, 2011, there were 4,900,000 shares of our common stock outstanding. The following table sets forth certain information known to us with respect to the beneficial ownership of our common stock as of that date by (i) each of our directors, (ii) each of our executive officers, and (iii) all of our directors and executive officers as a group. Except as set forth in the table below, there is no person known to us who beneficially owns more than 5% of our common stock.

Directors and Officers: Common Stock	Paul Pearlman. 304, 1020 14 th Ave, SW Calgary, Alberta T2R 0N9	3,000,000	61.22%

Certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire the shares (for example, upon exercise of an option) within 60 days of the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares outstanding is deemed to include the amount of shares beneficially owned by such person (and only such person) by reason of these acquisition rights.

⁽²⁾ The percentage of class is based on 4,900,000 shares of common stock issued and outstanding as of December 27, 2011.

Changes in Control

We are unaware of any contract or other arrangement the operation of which may at a subsequent date result in a change of control of our company.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE.

None of the following parties has, since commencement of our fiscal year ended September 30, 2011, had any material interest, direct or indirect, in any transaction with us or in any presently proposed transaction that has or will materially affect us, in which our company is a participant and the amount involved exceeds the lesser of \$120,000 or 1% of the average of our company's total assets for the last three completed financial years:

- (i) Any of our directors or officers;
- (ii) Any person proposed as a nominee for election as a director;
- (iii) Any person who beneficially owns, directly or indirectly, shares carrying more than 5% of the voting rights attached to our outstanding shares of common stock;

Tax Fees	\$	\$
All Other Fees	\$	\$
Total	\$ 2,500	\$ 2,500

In the above table, “audit fees” are fees billed by our company’s external auditor for services provided in auditing our company’s annual financial statements for the subject year. “Audit-related fees” are fees not included in audit fees that are billed by the auditor for assurance and related services that are reasonably related to the performance of the audit review of our company’s financial statements. “Tax fees” are fees billed by the auditor for professional services rendered for tax compliance, tax advice and tax planning. “All other fees” are fees billed by the auditor for products and services not included in the foregoing categories.

Policy on Pre-Approval by Audit Committee of Services Performed by Independent Auditors

The board of directors pre-approves all services provided by our independent auditors. All of the above services and fees were reviewed and approved by the board of directors either before or after the respective services were rendered.

The board of directors has considered the nature and amount of fees billed by John Kinross-Kennedy, CPA, and believes that the provision of services for activities unrelated to the audit is compatible with maintaining John Kinross-Kennedy, CPA.
